

Project Review Committee

Comptroller

Dehumidified Storage Space,

25X1A6a

25X1A6a

1. This FE Division proposal has the objective of providing dehumidified storage space at the Support Base to house costly electronic equipment which will be part of the cold war stockpile.

25X1A6a

2. The estimated cost is \$50,000, broken down as follows:

a. Modification of existing warehouse (5000 square feet).	\$13,000
b. Cost of dehumidification equipment	33,750
c. Contingency.	<u>3,250</u>
Total.	<u>50,000</u>

3. While this proposal was not specifically included in the FE Division Program for FY 1955, its cost can be absorbed in funds available for the Support Base.

25X1A6a

4. No Administrative Plan is required.

5. If this project is approved, it is recommended that unvouchered funds, available in the FE Division allowance for FY 1955, be used.
